inappropriate to his level of aviation experience. Subsequent investigation revealed that he is an Islamic fundamentalist with ties to the Chechen Mujahideen.

Muussaui was accompanied to Minnesota by Hussein Ali Hassan Al-Attas, DPO 01/01/1978 in Riyadh, Saudi Arabia. Al-Attas claims that he accompanied Moussaui to Minnesota "as a friend" and that he had no knowledge of what Moussaui intended to do upon completion of his flight training. When interviewed Al-Attas admitted that he may have been aware of a terrorist plan on the part of Moussaui, but claimed that since this was not consistent with his beliefs he chose not to hear it and was therefore unable to provide any details.

During an interview conducted on the evening of 08/12/2001 Al-Attas consented to a search of his personal effects. Included among these in an unaddressed mailing envelope was a four page document written in the Arabic language. The envelope and paper appeared to be new and in good condition.

Al-Attas indicated that this document was his will and that he had drawn it up long ago. He stated that it is the custom for Muslims to draw up their wills early in life and to then carry them thereafter. A copy of the translation of this will is enclosed.

In the will, Al-Attas writes that "death has approached". He asks to be forgiven for his shortcomings and expresses the hope that "Allah will award him with paradise and keep him with the prophets, martyrs and pious." He addresses his parents with the hope that they will be together in paradise.

Al-Attas also asks that his parents relay his greetings to "Sheikh Raj Ahmad Endeayi (spelling variation for Ndeya) who taught me patiently." He advises his parents to follow his teachings and pass them on to their children. Al-Attas closes his will by urging the reader not to ignore the issue of the "woman's veil even for your young daughters. Let them cover with an Islamic attire and don't let them imitate the West...."

During a subsequent interview of Al-Attas on 08/12/2001, he revealed that he had worked for compensation while in the U.S. He was therefore determined to be out of status by ICE and arrested. His bond was set at $50,000.
While in DHS custody on 08/16/2001, Al-Attas made
seven calls to 441-441-1200, subscribed to by Rhoda Ndiaye. On the thirteenth call,
with a minute and 35 second conversation with Al-Attas. The transcript
heard that you wanted to go on Jihad. "Sheikh, do not talk about it now. Do not talk about it now,
and indicates that he was unable to go because of his medical condition. He states that Al-Attas
reiterates this point, stating that he had said that he might travel.

For information, Al-Attas admitted during an
interview on 08/16/2001 that he would be willing to participate in
.Jihad in the future. He claimed that he was unable to do so
that he would be willing to fulfill this duty once he finished his

Minneapolis believes that Al-Attas is fully
involved in Moussacui's scheme in furtherance of his radical
beliefs. Based on the content of his
future, he is obvious that Al-Attas expected to die in the near
that he had any medical conditions. Minneapolis believes that his
intending to do. Minneapolis believes that Al-Attas had recently
planned it in a mailing envelope in preparation for mailing it to
Saudi Arabia before beginning his mission.

Further, as learned from his call to Ndiaye, Al-
Attas' travel to Minneapolis was in connection with his
participation in Jihad. As can be seen from the transcript of
the telephone call, as soon as Ndiaye raised this point, Al-Attas
asked him not to discuss this issue on the phone. This indicates that Ndiaye and others at the Al-Nur Mosque in Norman, Oklahoma
were aware of what Moussacui and Al-Attas were attempting to do.

The will of Russian Bin Ali Al-Attas

In the name of Allah, the compassionate, the merciful.

Praised be Allah, the lord of the worlds and may peace be upon the prophet Muhammad, may Allah’s peace and blessings be upon him.

I urge you to be god-fearing and to fulfill the will of the prophet, which he uttered while dying, that is to perform the prayers at their designated times whether an individual is traveling or not.

I don’t want to elaborate for death has approached. I advise you to follow the guidance of the prophet, who delivered the message to this nation... Also, you should act according to the Glorious Quran and the "Surna" (note: sayings and doings of the prophet). Allah said, "whoever obeys the prophet, he obeys Allah."

I ask you to forgive me for my shortcomings. I don't know whether I am headed for hell or paradise. I hope that Allah will award me with paradise and keep me with the prophets, martyrs and pious.

My dear father and mother, Allah, the exalted, commanded us to respect you and to carry out our obligations towards you. There is no doubt that you exerted lots of efforts raising me according to the teachings of this truthful faith... I urge you to be steadfast as far as Islam is concerned. I hope that we will meet in paradise, God willing.

Would you please relay my greetings to all my sisters and brothers.

Also, relay my greetings to the
Nurul, Sheikh/Abd Ahmad Endeyal, aka Abu Mustafa, who taught me patiently. I advise you to respect this sheikh and to follow his teachings and pass them to your children. I have not found this man, whom I consider as my brother and friend, to be arrogant and fanatic...

The last part of my will deals with the following matter: don't ignore the issue of woman's veil even for your young daughters. Let them cover with an Islamic attire and don't let them imitate the West...

And may peace, blessings and mercy of Allah be upon you.

Signed
Your brother, Hussien Bin Ali Al-Attas
