Dear Sir,  
we are a small group (2-3) of young men from different arab countries. Now we are living in Germany since a while for study purposes.

We would like to start training for the career of airline professional pilots. In this field we haven't yet any knowledge, but we are ready to undergo an intensive training program (up to ATP and eventually higher).

Concerning this we would like to know which possibilities can be offered to us in Your reputable school/institution.

Please be kind enough to give detailed information about topics like time schedule, total costs, accomodation, visa requirements and eventually financing,....etc.

Thank You in advance and remain.

M. Atta
