Dear Arne,

Please be aware of the following:

On 09/01/00, I received by mail information and a check for Ramar Binalshibh from you to process Ramar Binalshibh's ALS enrollment. On that same day, I called you and left a message advising that I had only received a P.O.Box Number as an address for Mr. Binalshibh, that no courier service will deliver to a P.O.Box or without a phone number, and to please to call me back with a street address and phone number so I could send the enrollment papers by a courier service.

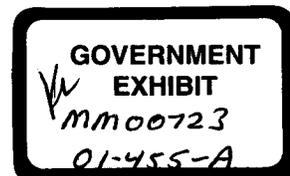

On 09/05/00 Rachel called me to tell me that was the only address that she had for Mr. Binalshibh and to "send them anyway." I did as Rachel directed, sending Mr. Binalshibh his enrollment papers by First Class U.S.P.O. that day.

On 9/08/00 Rachel called asking me how I sent Mr. Binalshibh's papers. I told her. I also advised her that if Mr. Binalshibh does not receive the papers within his desired time frame that I could reissue the papers following the rules that ALS has enforced for 23 years. (Mr. Binalshibh received a copy of these rules with his I-20).

I hope that Mr. Binalshibh does indeed receive the papers within his required time in his P.O.Box. If not, I am happy to reissue, as stipulated.

My very best regards. When are you coming for lunch?
