Re: Custom B747-400 Pilot Course

The following course has been reconstructed by our training staff in Minneapolis to accomplish your below stated objective:

(your e-mail of 5/23/01).

"The level I would like to achieve is to be able to takeoff and land, to handle communication with ATC, to be able to successfully navigate from A to B (JFK to Heathrow for example).

In a sense, to be able to pilot one of these Big Bird, even if I am not a real professional pilot."

A - "The Course"

- 8 hrs. - B747-400 Ground School Orientation. (2 Days)
- 12 hrs. - B747-400 Full Flight Simulator to include your maiden Capt. flight. (4 Days)
 Actual Flight destination, to be determined by you and your instructor.

Training Total \$8,300.00USD
