Notes:
- You may add notes to your submission on the **Confirmation** tab. Select the "I swear and affirm..." check box (the date automatically updates to the current date) and click **Submit**.

Requesting Additional Funds

You can increase the amount approved on an existing authorization as new amounts are requested. When generating an authorization, click **Request Additional Funds**.
A list of all closed authorizations appears for this representation and appointment. Select the authorization that needs to be increased.

**Authorization Type Selection**

You can click the Create New Authorization button to create a new authorization request, or click the Request Additional Funds button to select from a list of approved authorizations that you would like to request additional funds for.

**Request for Additional Funds on existing Authorization**

Please Select the Authorization to request additional funds for:

| ID Number: 186 | Order Date: 03/03/2014 | Authorized Amount: $100.00 | Grand Total Amount: $0.00 |
| Service Type: Interpreter/Translator | Estimated Amount: $5,000,000.00 | Notes: |

Then create the authorization as described in the above directions.

Click the existing authorization hyperlink to view the original authorization in a separate tab. You should remember to close the newly opened tab after viewing the authorization, as having multiple tabs open in CJA eVoucher can lead to unintended results.

**Notes:**

- When increasing funds on an existing authorization, the approved amount is added to the amount of the original authorization to which it is attached, and a link is established between the two documents.
- The original authorization is the one that holds the approved funds, and is the only authorization presented when CJA21/31s are generated. These authorizations are also used for the various calculations regarding authorization amounts.
